Modulus PDF viewer

Page one: this document is a sample for the PDF viewer.
It renders with pdf.js, one page at a time.
Use the arrows, the page box, or zoom to read it.

Page two

Zoom in and out; the zoom resets to fit the width on a new page.

The download link saves the same file.

Page three

The viewer keeps the page you were on while you zoom.

This is the last page. The page box shows 3 of 3.
